Thank you so much for your generous gift. It is so lovely to be affirmed in this way. **Mrs B**

I just heard about your generous donation to The Levels School. Thank you so much. It will be really helpful. We are all looking forward to working at The Levels - it's exciting and we have lots of ideas to make it work. We have all been working hard as we have each come on board since the closure of Shapwick and I think the most important thing for all of us was to make sure that we are able to provide a caring and safe environment for our students.

Thank you again. - **Mrs W**

You already know much this means to me, this new School wouldn't be possible without all these amazing staff. But more importantly we wouldn't be here without amazing people like you. I would love to, once open to personally invite you both down and show you around our amazing school and personally thank you. - **Mr M**
